

How to... Print and construct large format 800mm roll-up banners

We have provided the files for three large format 800mm roll-up banners for you to use to spread the word of Universal Infant Free School Meals to both parents and pupils.

They are saved as high resolution PDF files and should be downloaded and forwarded to your local print supplier.

The finished banners in this artwork are 800mm (width) x 2000mm (height).

The artwork contains bleed as outlined below:

There is 20mm bleed all around the artwork and this will give 10mm bleed to each side - left, right and top. There is also 200mm bleed to the bottom of the banners that will normally be rolled into the mechanism of the stand so that it is not viewed once the banner is constructed.

This will give a size of 820mm x 2220mm overall and will be trimmed to size - 800mm x 2200mm.

If you have any queries regarding the download and use of these files or banners please contact us for support - mail@elygra.co.uk

Calling all parents...

Your child can benefit from a free school meal *and save on your household budget too!*

- Delicious two course meal.
- Plenty of fruit and vegetables.
- Help improve children's concentration levels and therefore children's attainment levels.
- Saves you time to prepare a packed lunch.
- New seasonal menu items will be introduced throughout the year.
- Teaches pupils important social skills of sitting and eating together.
- School meals are fun and educational.
